

## COMPACT POWER UNIT CPU 520 +S

**HIGH-PERFORMANCE BATTERY-DRIVEN  
HYDRAULIC UNIT FOR SHEARING DEVICES**

The battery-driven hydraulic unit CPU 520 +S® with a maximum pressure of 520 bar was specially developed for driving hydraulic shearing devices.

POWERED BY  
**EGO**

## TECHNICAL DATA

### SPECIFICATIONS

|                        |                         |
|------------------------|-------------------------|
| Dimensions (L x W x H) | 435 x 332 x 520 mm      |
| Weight                 | 23 kg (without battery) |
| Motor                  | Battery drive           |
| Power                  | 1.5 kW                  |
| Battery                | 12 Ah / 56 V, 1 piece   |
| Pressure               | Max. 520 bar            |
| Flow rate              | Max. 1.5 l/min          |
| Tank volume            | 4 l                     |

### BENEFITS

- Pressure relief possible at any time via a shut-off valve
- Connection of hydraulic hoses via quick release coupling
- Display of the working pressure via a pressure gauge
- Up to 40 shearing operations per battery charge
- Commercially available lithium-ion battery
- Charging time of just 75 minutes for a 12 Ah battery
- Multiple charging options available, including mobile charging

### CONTENTS

- CPU 520 +S®

### ACCESSORIES

- Hydraulic hoses
- 12 Ah lithium-ion battery
- Charging options tailored to your needs
