PROFILE GRINDER GP 210 H

GRINDING YOUR RAILS WITH EASE

Our lightweight hydraulic Profile Grinder GP 210 H offers high power, precise grinding results and best ergonomics at the same time. You can reprofile your rail heads and rail joints after rail joining and repair welding on rail surfaces and edges. Best flexibility is ensured so that you can use the machines for all types of rail profiles.

TECHNICAL DATA

SPECIFICATIONS

Motor	Hydraulic
Hydraulic system	Open center
Weight	30.5 kg / 67 lbs
Dimensions	908 x 464 x 861 mm 35.8 x 18.3 x 33.9 inch
Max. pressure	140 bar / 2 000 psi
Max. flow	40 lpm / 10 gpm (US)
Quick couplers	3/8 HTMA (ISO 16028)

ACCESSORIES

- Replacement grinding stone
- Stone removal wrench
- Hose set

BENEFITS

- Handle with trigger on/off operation stops the tool operation when released
- Lightweight design offers best ergonomics and easy handling and carrying
- Hi torque hydraulic motor offers always sufficient power – no stalling of the motor
- Unbeatable power to weight ratio of hydraulic tools
- Less noise and no petrol vapours around the user
- Various power units available to power the machine
