WELD SHEAR WS 510 H

SHEARING YOUR RAILS WITH NO EASE

Our hydraulic Weld Shear 510 H offers best results during removing the excess weld metal after performing the Original Thermit®. The weld shear has controlled cutting speed, so you have a consistent cut accompanied with a rapid retract to speed up the process. The tool is custom made especially for your application.

TECHNICAL DATA

SPECIFICATIONS

Motor	Hydraulic
Hydraulic system	Open center
Weight	43 kg/ 94 lbs
Dimensions	737 x 457 x 159 mm 29 x 18 x 6.25 inch
Max. pressure	140 bar/ 2 000 psi
Max. flow	40 lpm/ 10 gpm (US)
Quick couplers	3/8 HTMA (ISO 16028)

BENEFITS

- Automated speed controls cutting and allows operator to clear area when retracting
- Unbeatable power to weight ratio of hydraulic tools
- Less noise and no petrol vapours around the user
- Various power units available to power the machine

ACCESSORIES

- Replacement shear blades
- Hose set
